#### Large Seizure of Opium.

Two or three days ago officer William Tell learned that one of the Chinese at the quarantine grounds who came by the Rio de Janeiro had some opium and would try to get it ashore. The passengers were to be all landed at two o'clock vesterday afternoon. Some time before that hour Officer William Tell telephoned over to the quarantine grounds to find out which way the Chinese would leave the grounds. He was informed by two ways. Tell was personally acquainted with the Chinaman he was after. Taking out a warrant he went to the slaughter houses back of the prison and waited for his man. But he did not come, though the Chinese were all leaving the quarantine grounds. However, just as Tell was beginning to think he had lost his man, an officer went and told him the Chinaman had gone ashore by another way.
